Brandram's Prills.—I have before stated that noin and changs are produced when the natural outlets of the body are incapable of discharging the corrupt humors as fast as turn required their expulsion—that our bodies are each commit of our snistence undergring a shange, and renewal; and that it is this very change and remewal which preserves from putrefaction, and its natural consequence—each.

as the will be able to per orm those functions by the operation of which experience has beyond doubt proved always saik in the establishment of health. Brandreth's pills are so only assistant nature requires, and have received the pellstion of Public Benefactors, being capable alone to eare health to all who use them. Their besign influence on the human frame must be experienced to be fully realistic the produce a strength of mind and body that is yond belief; even irritability of temper and insanity nish by the use of this medicine. Hundreds of thousands ank God they have a knowledge of its virtues. Often have seen the tear of gratitude in beauty's eye, as she was exaining how it had raised her from sickness to health. How my heart bleeds when I think of the valuable lives her was the affectionate mothers, dearly belowed children and the search of the second of the spring and more of their lives—and all on the destructive redies are used, instead of removing, with a proper purgare medicine, those humors which, from whatever cause ising, are certainly, by their retention in the body, the red destroyer of beatth and life.

Be not bilind—be not stiffnecked. Namman, the Syrian, as cured by bathing in the waters of Jordan; and BRAN-RETH's pills have had attributed to them cures almost as reacolous. How different are their claims to public confince to the medicines recommended in advertisemental len from me. It is not the first time that wolves have ren the clothing to which they were unontitled. He not in by them. Let the public be on their guard, let them very watchful, or the principle of purgation—second only Christianity, in the benefit is expable of bestowing on inkind—will be brought into disrepute by the evil ten nevy of some of the medicines recommended to carry out benefits leffects.

NEW YORK, MAY 27, 1853.—MESSRS. EDITORS—
Having some business over in Hoboken yesterday, whilst there my attention was called to a clipper vessel now being heift and nearly finished by Mr. Isaac Williams an enterprising mechanic of that place. Her rig, I am toid, is to be that of a three masted schooner, and she is owned by Mr. Samuel C. Nelson, No. 183 West street, and Mr. Ed. Kirk and others, of our city, and is to be commanced by Capt. A. Craumer, whom, I am informed, is jalso part owner, and I must say—and I have had some twenty years experience as a seafaring man, and otherwise connected with vessels, improvements in models, &c.—that I have never seen anything that will at all compare with this vessel for beauty of model or smoothness of foriah. In fact, she is the most perfect piece of raval architecture that has ever come under my notice. Her length is 123 feet; her breadth is 30 feet, and her depth of hold is 9 feet; and she is to be called the "Gardiner Pike." She is to be launched to-morrow.

Yours, &c.
